Re: Testimonial for ComputerWerx

ComputerWerx have been maintaining our IT services for over 6 years now. When we moved to our new office back in 2014, the team was on hand to ensure the transition was seamless and stress free.

Since then, the ComputerWerx team have always been quick to respond and assist with any issues we may be having, no matter the time of day.

I would highly recommend them for any business looking for personal assistance for their IT requirements.
